

Lureking bed bug monitor

Russell IPM's Lureking bed bug trap is a highly effective, premium monitor for bed bugs. It is pre-baited, easy to assemble and ready to use.

Benefits

- Highly effective
- Safe, clean and easy to use
- Insecticide free and non toxic
- Intergrated specially formulated attractant
- Made with high quality cardboard and pressure sensitive glue
- Rough card exterior on the ramps to enable the bed bugs to climb easily into the trap
- Shiny card surface on the inside to prevent bed bugs from escaping
- Compact trap for placement in difficult to reach places
- Small and discreet, can be hidden behind or beneath furniture
- Large entry points onto glue patch
- Fits easily into corner
- Double sided tape included to secure to a surface or wall if preferred

Target insects

Bed bug *Cimex lectularius*

Where to use

Hotels, homes, apartment buildings, kennels and catteries, pet hotels, nursing homes, dormitories, vehicles, luggage storage, cruise ships and planes.

Assembly

Separate the traps into two by folding the perforation lines and pulling apart. peel off the protective paper from the sticky base. Form the trap shape by inserting slot A into slot B as the trap is pre-baited it is ready to use.

Where to place/distance

Place the trap where infestation is suspected, ensuring it is in a convenient place to check regularly. Ideal places would be under or next to the bed, behind curtains or next to furniture. The traps can be secured to walls and skirting boards using the double sided tape provided if required.

Replacement

Replace every 6-8 weeks unless the trap is full earlier.

Storage

Store in a cool, dry place in their packaging for a shelf life of 24 months.
